2026 PROGRAM FOCUS

This edition uses poetry, performance art, and creative writing as practical instruments for youth mental wellness, health advocacy, civic engagement, and the creative economy — turning the stage into a channel for real behavioural and social change across Ogun State's schools and communities. Alongside the writing and performance categories, students are introduced to digital literacy and AI-assisted storytelling tools as a practical, employable skill layer.

WHO THIS BROCHURE IS FOR

- **Junior Secondary coordinators** — entering written poetry submissions
- **Senior Secondary coordinators** — entering a themed video submission
- **Tertiary institution literary/poetry clubs and student associations** — entering the live Slam

> **A note on evaluation**
> All Junior Secondary written entries and Senior Secondary video entries are pre-screened and scored by the judging panel **before** festival day. Results are kept confidential and announced live at the event.
